Cleaning Rules

Wipe any spills or liquids immediately with a damp cloth. Wring out excess water before using the cloth or sponge. Pat the area dry afterwards with a dry towel.

Only apply clean, warm water on a clean, soft cloth. No chemicals, household cleaners, dishwashing liquids or abrasive cleaners. No scouring pads, brushes or harsh abrasive cloths.

Vacuum or dust the entire suite as part of your regular household cleaning routine. Clean in the small folds to remove trapped dust and particles.
Do not place in direct sunlight or close to heaters and fires.

Caring for your Lounge Suite

PROTECT

- Keep your lounge suite out of direct sunlight as the sun will cause fabrics and leathers to fade and deteriorate.
- Be wary of sharp objects, eg buckles, belts, pets' claws etc. as they can scratch and damage the covering material.
- Hair and body oils and products can damage, stain and spoil the material for all fabrics, incl. suede and leather.

PAMPER

If your cushions are fibre filled, 'puff' them out to restore their original shape. Foam in the seats is designed to soften by about 20% over time creating comfortably 'worn in' furniture.

KEEP IT CLEAN

Dust settles daily on a lounge suite, vacuum and dust frequently and where necessary gently wipe with a clean damp cloth. Avoid use of excessive water as this will be absorbed by the foam materials within the furniture. Do not use detergents or chemicals on any part of your lounge suite.

SIT PROPERLY

Do not sit on the armrests or backrest as you will distort the padding. The frame is manufactured to support your weight on the seating areas only. On recliner options, never sit on the extended leg or back sections.

TRANSPORTING/MOVING

- DO NOT pick the suite up by the armrests, rather lift from the base. No dragging/pushing/pulling or sliding as it can damage legs.
- Cover the suite with a sheet or light blanket if you have taken it out of its original plastic.
- DO NOT stack it when transporting.

FACTORY GUARANTEE

This product is guaranteed against defects in the materials, as well as defects that arise from poor workmanship for a period of one year from the date of purchase. If you discover a defect in your suite, **please contact the retail store where you purchased your suite**. The retailer will require the following information: the product name, date and original receipt and a full description of the complaint

Breakages of the frame or springs due to excessive force, as well as burns, tears, cuts or soiling of the fabric or leather, are not covered under this guarantee.

Foam seat cushions will gradually soften and conform to the shape of the user. This is normal wear and not a manufacturing defect and is not covered by the guarantee.

OUR GUARANTEES DO NOT COVER:

- Damage resulting from excessive soiling, improper and unapproved cleaning methods and usage.
- Fading or other damage resulting from exposure to sun.
- Damage resulting from household humidity.
- Damage resulting from any liquid, cream, oil or sprays.
